

# Diya Painting

## Competition

Hope is a virtue that takes us forward in life. When there is light, darkness cannot prevail. Let there be light! Diyas stand for hope. They have been a significant part of Diwali celebrations all around the world. Of course, it is a festival of lights, however, colours play a big role in bringing out the festive spirit during the celebrations. Therefore, to promote this tradition amongst our students, a Diya Painting Competition was conducted online on 30th of October 2021. It was conducted under two categories, Grade V to VII and Grade VIII respectively.

All our boys were well prepared. They had pre-planned their patterns and had come with all the materials, they required for the event. The challenge was to creatively incorporate bright colours in their design. The students approached the task innovatively. The criteria for judgement was the selection of the design, neatness, clarity, colour combination and creativity or new ideas implemented by the students to make their design more presentable. We will be declaring the names of the winners shortly.

We are grateful to all the students and the parents without whom this event wouldn't have been possible. Thank you one and all for creating colorful memories for all the SBA family members to cherish.

### “LET THERE BE LIGHT”

Grades V to VII Submissions
